

# Footsteps 2 Brilliance®

Big brains for little people™

## Quick Start Guide

Congratulations! Your child will now have access to the Footsteps2Brilliance Academic Language Program for Students™ (ALPS). ALPS will give you access to a library of beautifully illustrated and animated eBooks written by famous children's authors, along with over 230 educational games, including **Book Buddies, Word Wall, Mighty Matches, Picture Perfect and Create-A-Book.**

Spending just **15 minutes a day** with your child and Footsteps2Brilliance® will help maximize his/her full potential. With ALPS, your child will become a confident reader with improved reading comprehension skills. When using this program, try the following **Five Steps** with your child:

**STEP ONE:** Have your child read aloud the story to you. Encourage him or her to use the audio button for help with any unknown words.

**STEP TWO:** Talk about the illustrations and how they relate to the story. Explore the illustrations for surprise animations and music!

**STEP THREE:** Have your child show you how to play the games. Take turns playing along.

**STEP FOUR:** Ask your child to tell you about the games they are doing in the classroom. Try doing them at home.

**STEP FIVE:** Focus on challenging or difficult concepts and words.
